**Subject: Critical Care Professional Development Nursing Study**

Your application of intent to conduct formal research at Jersey City Medical Center has been approved. The Nursing Research council has assigned a Mentor to assist you with the JCMC IRB approval process. I will be your Nursing Research Representative. Please contact me for any assistance that may be needed.

A copy of this letter as well as your research proposal will be sent to the IRB for review. Please retain a copy of this letter for your records. Once the study is completed, please schedule to meet with the Nursing Research Council to discuss the outcomes, future implications and publication plans. We look forward to hearing from you, Best of luck with your study

Thank you,

**Mabel LaForgia MSN, RN, CNL**  
Chair of the Nursing Research Council
