Dear Ms. Savkov,

PR#10-021, "Rate Of Consent For Tissue Donation In An Institution With Emergency Room And ICU Nurses Trained As Designated Requestors." Approved through expedited review by Dr. Patrick Perin on March 16, 2010.

I have examined your study mentioned above along with its accompanying documents requested for expedited review and have determined that your study meets the conditions for approval through expedited review under 45 CFR 46 and 21 CFR 50, 56. Approval is granted.

As you know, the IRB is also responsible for monitoring the conduct of your project. **This approval expires on March 16, 2011.** To that end, we require a report approximately 1 month prior to it's expiration and a request for continuation. Any circumstances, positive or negative of such importance as to warrant the immediate attention of the Board, **MUST** be reported immediately. Should this study be completed before the renewal date, please submit your findings along with a letter stating its closure to the IRB.

Thank you for presenting this study for expedited review and I hope that your efforts in the proposed area of research you are conducting is fruitful and rewarding.

Yours truly,

Patrick V. Perin, MD
Chairman, Institutional Review Board
