<b>Topic</b>	<b>Discussion</b>	<b>Resolution</b>
Meeting Minutes	Accepted by committee members	
Professional Practice Model	Cheryl Owens discussed the need for an update to the Professional Practice Model and the schematic which will be necessary for Magnet Redesignation.	After discussion-the group decided that they liked the current model-Patient Centered Family Focused, and that a proper schematic should have nursing staff input
Power Point on professional Practice Model, Care Delivery Models and the Nurse Theorist.	Cheryl Owens presented a power point as an educational perspective on the current care delivery models	Modular, Team and Total Patient Care were discussed as current Care Delivery Models. Critical Care expressed interest in developing and using the Synergy Model
Nurse Theorist-Jean Watson	Cheryl Owens presented information on Jean Watson's Theory of Human Caring. Several nurses had approached her and asked to have the theorist changed from Leninger to Watson. Winnie Cherubin CNL, had performed the research on it and made the proposal	The group agreed to Jean Watson as the new Nurse Theorist. They also determined that information concerning Watson and the PPM should be disseminated during the Magnet Fair to staff members.
Educational Tools	The Nurse Managers requested that an abbreviated tool be devised that portrayed the important elements of Jean Watson's Theory, so that they could pass this on to staff members.	Cheryl Owens agreed to develop an abbreviated form with the essential information.
Care Delivery Models	Several Nurse Managers were interested in changing their Care Delivery Model	Cheryl Owens stated she would do some research on Care Delivery Models
