Magnet Steering Committee Meeting Minutes – April 26, 2010**

*Present:*

Topic	Discussion	Resolution
Magnet Fair	A new date was determined for the Magnet Fair. It will be held in July, 2010.	Committee members agreed to this time frame
Models of Care	C. Owens stated that the Director group was reviewing the models of care which should be used at JCMC.	The Directors will continue to explore these issues.
Professional Practice Model	Our old model is undergoing some modification as well as the schematic. We have reduced the schematic to just the crown and the pillars. The PPM is Patient Centered Family Focused and is being rolled out on the units for staff nurse approval. Some nurses have voiced concern about the change in the schematic.	C. Owens will continue to update Committee members.
Publication	C. Owens stated that she had the first proof of the annual report and that it was being edited and revised. She further stated that another proof would be requested, and that then it would be finalized, printed and distributed. She also stated that there were a number of documents needed for the Annual Report	Nurse Managers need to pursue this issue
Demographics-Certifications	C. Owens requested that Chris Panglian survey how many staff nurses are planning to pursue getting their specialty certifications. She stated that R. Smith was
