

<p>Staffing for Intermediate ICU 5East</p>	<p><u>CCU</u> nurse practitioner Mary Lou to assist with pot interventional patients. she will round everyday with the goal to discharge quicker</p> <p><u>ICU</u> trying to roll out virtual rounding hopefully in Oct. The idea is for the night shift to be included with bedside rounding with physician and residents. Get the attendings involved so there is also planning for the patient during the nighttime</p> <p><u>Surgical ICU</u> successful with trauma redesignation. Ne hires starting to get TNCC except staff from 5East don't need it. We are experiencing difficulties during night shift having certified nurses for trauma. Staff doesn't have a certified nurse we are looking at that.</p> <p>5East floor still opening, still waiting for clearance to occupy the space they are waiting for equipment to arrive What is 5 East?</p> <p>5 East will be an intermediate ICU for step down patients from the ICU. Can have a mixture of patients.</p>
