Trauma Program Manager
Department of Surgery
Jersey City Medical Center
355 Grand Street
Jersey City, NJ 07302

Dear Ms. Jones:

I am pleased to inform you that Jersey City Medical Center is awarded \$10,000 to provide the Family Assistance and Support Team program. Funding is through a federal Department of Health and Human Services sub grant from the New Jersey Division of Mental Health and Addiction Services and the New Jersey Department of Health and Senior Services.

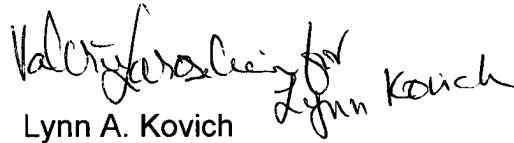

The program will be provided in an emergency room setting and will help to prepare crisis counselors to work with families experiencing traumatic events in this kind of setting. The funds cover the period from July 15, 2011 through June 30, 2012 by which time all funds must be expended.

A method to allocate funds will be developed through the Division of Mental Health Services fiscal office. Quarterly reports of expenditures are requested for the quarters ending September 30, 2011, December 31, 2011 and March 31, 2012. Expenditure reports are due no later than two weeks following the end of each quarter. A final report of expenditures is due on July 31, 2012.
