Medical-Surgical Nursing Certification Review Course

Hosted by:
Jersey City Medical Center

March 24 - 25, 2012
8 AM - 4:30 PM
Conference Rooms 5 - 9

DESCRIPTION

AMSN Medical-Surgical Nursing Certification Review Course

This two-day course is an overview of interventions that medical-surgical nurses use to promote quality of life for their clients. Using the nursing process to enhance physical and psychological well-being in clients and their significant others is inherent in the role of the medical-surgical nurse. Taking this course will provide those taking the medical-surgical certification exam with information necessary for success and will include practice exam questions. For those not taking the test, the course provides an excellent review of the body systems and nursing interventions used as well as objective and subjective data to gather.

Objectives:

At the end of this program, participants will be able to:

- Describe techniques for preparing for a Medical-Surgical Certification exam.
- Relate the pathophysiologic basis of various disease states to the nursing assessment, planning, implementation, and evaluation necessary.
- Identify outcome criteria and evaluate criteria used by nurses to determine effectiveness of nursing care of various Medical-Surgical patients.
- Outline the legal, ethical, and professional responsibilities inherent in being a Medical-Surgical nurse caring for a variety of patients.

AMSN (Academy of Medical-Surgical Nurses) reserves the right to make faculty or program changes.

FACULTY

Renee Thompson, MSN, RN, CMSRN is currently the owner of RTConnections, LLC. As a speaker, trainer and consultant, and career coach, she helps nurses improve their clinical and professional practice. Her most recent positions were as an education consultant for a large tertiary hospital in Washington D.C. and as a corporate director for the UPMC Health System in Pittsburgh, Pa where she developed student and graduate nurse programs. She has held a variety of positions in her 20 years as a nurse; Advanced Practice Nurse specializing in medical-surgical nursing administration, quality management, home care and clinical faculty. She has held positions as President and President Elect of the local chapter of AMSN in Pittsburgh, and has been speaking annually at the AMSN convention since 2007. She is currently the chair of the AMSN planning committee and is on the editorial board for the Medsurg Nursing Journal. Renee has her BSN and MSN from the University of Pittsburgh and is currently working on her doctoral degree.

CONTACT HOURS

This educational activity is being co-provided by the Academy of Medical-Surgical Nurses (AMSN) and Anthony J. Jannetti, Inc. (AJJ).
